

Connecting a Mobile Device to the University of St. Francis Network

For the Apple iPhone, iPod, iPad, or iTouch

- ▶ Select **Settings**
- ▶ Select **Wi-Fi**
- ▶ Select **USFWireless-Auth**
- ▶ Enter your University network id and password [the same that you would use to sign in to MyUSF portal]
- ▶ Select **Join**.
- ▶ If prompted to accept the **CA Security Certificate**, choose **accept** and you will then be connected.
- ▶ If your connection is successful, it should look like the screen, right.
- ▶ The wireless profile will be saved and your Apple device will automatically connect when the wireless network is available.
